4.**DESIGNING WITH FIRE AND WATER**

**Let The Spell of Your Dreams!**

Come to the best source in Arizona for outdoor living. We specialize in outdoor living, outdoor cooking, outdoor fire, and water features. We have some of the hottest trends we’re seeing in outdoor design.

**Fire and Water Features**

Used alone, fire and water each have their own attractions, but bring them together and the appeal is nearly irresistible! The addition of the fire element is one of the hottest trends we’re seeing in outdoor design.

**Fire**

Fire takes you away from wherever you are. It relaxes and soothes. When you’re gazing at the flames, you’re not thinking about your to-do list. You’re not thinking about anything. You’re thinking about the fire and how it makes you feel. You're thinking about the fire and how it makes you feel. Fire and water features are perfect for adding a sense of tranquility to your outdoor space. The addition of a water feature such as a fountain, waterfall, or pond can create a peaceful and relaxing atmosphere.

**Water**

Water features such as fountains, waterfalls, and ponds can be added to any outdoor space to create a calming and serene atmosphere. The sound of water can be soothing and can help to reduce stress and anxiety. The sight of water can also be very relaxing. Water features can be incorporated into the landscape design to create a focal point or to add visual interest to a space.
